

REMARKS

The claims referred to herein are from the published PCT application (WO2005/012203) corresponding to PCT/DK2004/000520. The specification has been amended to provide the relationship to previous applications and the claims of priority to said applications, to incorporate the embodiments recited in original claims 14-37, and to provide a description of Figure 1. Support for these amendments may be found in original claims 14-37; in the specification at page 3, line 22 to page 5, line 12; and in the specification at page 17, lines 8-34.

In the present paper, Claims 14-37 have been canceled, new claims 38-47 have been added, and claims 1, 3 and 5-13 have been amended. Thus, claims 1-13 and 38-47 are presented for examination.
